COUNCIL AGENDA STAFF REPORT**

ITEM NUMBER: 10e
DATE: November 21, 2016
SUBJECT: Contract Award Tru-View Glass & Windows
CONTACT PERSON: Kevin Hushagen, Public Works Director
ATTACHMENTS: A – Limited Public Works Contract with Tru-View Glass and Windows
B – Library Window Replacement RFQ

ISSUE

The issue in front of the city council is whether or not to award a contract to Tru-View Glass not to exceed \$25,000 to replace 23 windows at the Stanwood library building located at 9701 271st Street NW.

RECOMMENDATION

Authorize the Mayor to sign a contract with Tru-View Glass not to exceed \$25,000.

SUMMARY

The 2017 budget includes \$25,000 in the budget to replace 23 windows at the Stanwood Library. The widows are single-pane with aluminum frames. They are past their useful life and do not meet current energy code standards.

The proposed installation includes a Stucco Fin application. The wide Fin will be back sealed and will mount flush with the existing metal frames. Additional white trim will be added to the interior of the windows for a finished look. Tru-View is located in Stanwood. The company is a WinTeq waterproof company and follows stringent techniques on all installed products.

DISCUSSION

The City's public works department issued a Request for Quotes (RFQ) on October 4, 2016 to all glaziers on the Municipal Research Small Works Roster to replace existing windows at the Stanwood library. The scope of work includes:

*Removal and disposal of the existing windows and replacing with new vinyl double pane windows. Windows vary in size, all measurements will be done by contractor. Windows that open will be replaced with same. All labor and material is included for a complete window installation. **This is a prevailing wage project.** Project to be completed by December 15, 2016.*

All quotes were due by 2 p.m. on Monday, October 17, 2016. Five firms contacted the city regarding the project. However, the city did not receive any submittals to replace the windows. City staff then contacted two Stanwood businesses, Tru-View Window & Glass and Glass Tech. Glass Tech declined to bid. Tru-View submitted a proposal to replace the windows for \$19,891.11 including sales tax. (Attachment A).

FISCAL IMPACT

The Building Improvement Fund includes \$25,000 in the 2016 budget to replace the windows at the Stanwood Library. The proposed contract is not to exceed \$25,000.

The quote does not include repairing any rot found after the windows are removed. City staff recommend including a 25% contingency (\$5,000) to repair any unforeseen rotten or deteriorated wood, or hidden damage, or structural, electrical or plumbing changes required to perform the project, but not specified in the quote. Any alteration or deviation from the specifications involving extra cost will be executed only upon written orders.

CITY COUNCIL OPTIONS

1. Authorize the mayor to sign a contract with Tru-View Window & Glass (Attachment A) not to exceed \$25,000. This alternative indicates the city council supports purchasing new energy efficient, dual-pane windows for the Stanwood Library. This action supports the city council's policy objective to maintain taxpayer owned assets.
2. Do not authorize the mayor to sign a contract with Tru-View Windows and direct staff to areas of concern. This alternative implies the city council has questions or concerns about the contract with Tru-View Windows. The city council should identify specific areas of concern or request the public works committee review the proposed contract and scope of work before proceeding.
3. Do not authorize the mayor to sign a contract with Tru-View Windows. The city council may decide not to proceed with the project at this time or seek other proposals before taking action. Because the city only received one proposal, the city council may want additional quotes to determine if the Tru-View proposal is reasonable before making a decision to award a contract.

RECOMMENDED ACTION

AUTHORIZE THE MAYOR TO SIGN A CONTRACT TO TRU-VIEW GLASS NOT TO EXCEED \$25,000 TO REPLACE 23 WINDOWS AT THE STANWOOD LIBRARY BUILDING LOCATED AT 9701 271ST STREET NW.

In the event of any conflicts or inconsistencies between this Contract and the Declaration, the terms of this Contract shall control in all cases.

26. Non-Waiver.

A waiver by either party hereto of a breach of the other party hereto of any covenant or condition of this Contract shall not impair the right of the party not in default to avail itself of any subsequent breach thereof. Leniency, delay or failure of either party to insist upon strict performance of any Contract, covenant or condition of this Contract, or to exercise any right herein given in any one or more instances, shall not be construed as a waiver or relinquishment of any such Contract, covenant, condition or right.

We hereby propose to remove and install 23 windows located at
9701 271st St. NW, Stanwood, WA 98292_____.

Our installation includes a Stucco Fin application. The wide Fin will be back sealed and will mount flush with existing metal frames, all necessary sealants around the new windows, and disposal of your old windows. Additional White Trim will be added to the interior of the windows for a finished look.

We would strongly recommend using this method of installation no matter which company you go through. There are some companies that continue to use the block frame method (taking off factory nailing flange – Without Nail Fin) for their installation. This saves their company time and money, but leaves the customer with a lifetime of maintenance relying on only the sealants to act as a water barrier. Our company is an AAMA and WinTeq waterproof certified company that follows stringent techniques on all installed products.

Exclusions are painting, staining, or any other work performed outside of the contracted work specified in the above paragraph. Due to the climate we live in, there are times we may find rot behind your existing windows. If this occurs, our techs are instructed to stop and analyze the situation prior to installing the new window. You as the homeowner will be notified and we will propose a solution to remedy the problem. Since this is outside of the proposed work, Tru-View Glass will quote you a price prior to moving forward. In most cases the repair work is minimal and has a minimal charge.

Please feel free to contact our office if you have any further questions.

Thank you,

Tru-view Glass & Windows, Inc.

Exclusions

Painting, staining, electrical, removing and installing of blinds, brackets and mini blinds is not included unless specified in writing. Any repair of unforeseen rotten or deteriorated wood, or hidden damage, or structural, electrical, or plumbing changes, required to perform this project, but not specified, will be an additional charge using a separate form. This order is subject to authorization by a rep of Tru-View Glass & Windows. All Materials are guaranteed to be as specified. All work is to be completed in a workmanlike manner, according to standard practices of licensed and bonded contractors. Any alteration or deviation from above specifications involving extra cost will be executed only upon written orders, and will become an extra charge over and above the estimate. Unless this agreement contains other provisions, the customer agrees to pay directly the amount due on completion to Tru-View Glass & Windows. Tru-View Glass & Windows shall not be responsible for damage due to Fires, weather, floods, strikes, accidents, or delays beyond our control. Owner to carry fire and all risk insurance. Our workers are fully covered by Workman's Compensation insurance.

Estimate Date: 11/11/16 Company Authorized Signature C. Bailey Quote good for 30 days.

Acceptance of Proposal - The above prices, specifications, and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlines above. The Term and Conditions of this agreement are made a part hereof. Proposal must be signed.

Each subcontractor or other person or organization shall be identified in writing to the City by the Contractor prior to the date this Contract is signed by the Contractor. Acceptance of any subcontractor or assignee by the City shall not constitute a waiver of any right of the City to reject defective work or work not in conformance with the contract documents. If the City, at any time, has reasonable objection to a subcontractor or assignee, the Contractor shall submit an acceptable substitute.

E. The Contractor shall be fully responsible for all acts and omissions of its assignees, subcontractors and of persons and organization directly or indirectly employed by it and of persons and organizations for whose acts any of them may be liable to the same extent that it is responsible for the acts and omissions of person directly employed by it.

In the event of any conflicts or inconsistencies between this Contract and the Declaration, the terms of this Contract shall control in all cases.

26. Non-Waiver.

A waiver by either party hereto of a breach of the other party hereto of any covenant or condition of this Contract shall not impair the right of the party not in default to avail itself of any subsequent

breach thereof.
